

HOW YOU CAN HAVE A PRESENCE AT THE CRAWFORD FUND 2022 ANNUAL CONFERENCE

Celebrating Agriculture for Development - Outcomes, Impacts and the Way Ahead

Monday, 15 August - Sir John Crawford Memorial Address and Networking Dinner, Ballroom, QT Canberra Hotel
Tuesday, 16 August - Parliamentary Conference, The Great Hall, Parliament House

The Crawford Fund's Annual Conference is a highlight of Australia's agricultural development and food security calendar. For almost three decades we have drawn significant focus to issues worthy of global and Australian attention, and this August we continue that proud tradition.

But 2022 will be special. The Crawford Fund, founded in 1987, is celebrating 35 years of outcomes and impacts in 2022. We can add in ACIAR's 40th birthday for good measure! These milestones provide an opportunity for all those who are a part of Australia's rich history and future in agriculture for development to have a presence to show your involvement, support and interest in Australia's efforts to impact food and nutrition security.

"Celebrating Agriculture for Development - outcomes, impacts and the way ahead" will also be a chance to raise your profile and network as we expect many current and former collaborators will be attending for this special celebration and to provide their views on the benefits, impact and future challenges in the quest for improving food and nutrition security.

With people travelling again and it being a celebratory event, we expect more than our usual attending delegates from development, research, academia, the private sector, primary production, NGO and advocacy groups, and from decision and policy-making. This will be complemented by a virtual audience, including many from overseas.

We have again used our local and global networks to find thought-provoking expert speakers, and this year's program includes the following high-profile international and Australian specialists:

- **Dr Audrey Aumua**, CEO, Fred Hollows Foundation and ACIAR Policy Advisory Council Member
- **Dr Philip Pardey**, world leading agricultural economist from the University of Minnesota
- **Dr Jenny Gordon**, Honorary Professor at the Centre for Social Research and Methods, ANU
- **Dr Ravi Khetarpal**, Executive Secretary, Asia Pacific Association of Agricultural Research Institutes
- **Professor Andrew Campbell**, CEO, ACIAR
- **Dr Alison Bentley**, Australian Director of CIMMYT Wheat Program
- **Dr Anika Molesworth**, CF NSW Committee, author, NSW Young Achiever Award for Environment and Sustainability
- **Dr Robert Glasser**, Australian Strategic Policy Institute, Climate and Security Policy Centre, ANU

Being a sponsor and having a display in the Great Hall, Parliament House in this special 'birthday' year, will:

- Raise your profile and increase brand awareness
- Promote your organisation's products and services
- Establish new connections and strengthen relationships

Our conference sponsorship opportunities are:

\$10,000+	a negotiated registration package and benefits as agreed such as chairing a conference session.
\$5000	two free full registrations; the opportunity to have a display in the Great Hall; the opportunity for a listing, your logo with a link to your website, and an e-brochure all in the conference app, and acknowledgement online and in the official proceedings.
\$3000	one free full registration; a banner in the Great Hall display area; the opportunity for a listing, your logo with a link to your website, and an e-brochure all in the conference app, and acknowledgement online and in the official proceedings.
\$1500	one free full registration and the opportunity to be listed as a supporter in the conference app, online and in the official proceedings.
\$500	opportunity for a pull-up banner to focus attention in the display area in the Parliament House Great Hall – this option can be an add-on to options above that do not offer a display opportunity.

The Crawford Fund 2022 Annual Conference will follow the requirements of local, State, Territory and Federal COVID-19 policies.

Crawford Fund
FOR A FOOD SECURE WORLD

The Crawford Fund is a not-for-profit organisation raising awareness of the benefits to Australia and developing countries of Australia's engagement in international agricultural research and development; supporting training programs for developing country scientists and farmers, and encouraging and supporting young Australians into agriculture for development studies, careers and volunteering opportunities.
